	My auto insurance	Opponent's Auto Insurance	My auto insurance
			Repair costs ₩ 361,140 - parts : ₩ 82,740

My auto insurance

- wages : ₩ 88,950
- painting : ₩ 189,450

- Error(s) may exist due to data collection method of the Car History data. Contact us if you have any questions.
- The above 'repair cost' differs from the actual payment from insurance company due to repair cost(parts / wagee / painting) excluding amount of offset and indirect damages such as rent-a-car costs, charges for breakage.
- The auto insurance accident history shows only the recent 10 accident records.

Use of Terms

- **Repair payments** it is the cost or estimated amount required to repair the vehicle directly, except for indirect damages such as vehicle transportation cost, borrowing cost (rent-a-car expense), which consists of part cost, wages and painting charges.
- **Not-Covered Period** is the period during which the vehicle is not covered by the car damage insurance and can not provide car repair information paid by the car damage insurance
- **My Auto Insurance** My car damage covered by my auto insurance.
- **Opponent's Auto Insurance** wage covered by auto insurance of the opponent's car.
- **Opponent's Car Damage** of the opponent's car covered by auto insurance of this car.

Terms of use

- This car history report is based on the information inquiry date.
- This information is provided as a reference for checking the vehicle. In some vehicles, information may be missing or erroneous.
- Flood accidents include partial submersion, which may be indicated as "no history" due to missing data.
- Error(s) may exist due to data collection method of the Car History data. Contact us if you have any questions.
- The repair cost may differ from the amount actually paid for the cost of repairing the vehicle, which is set aside for calculating the amount paid by the insurer.

Limitation of the information provided

The car history information service is provided based on the record of auto insurance payments (since 1996) of 11 non-life insurers handling auto insurance. Therefore, we can not provide car history information service in the following cases.

- Even if there was an accident, the car was repaired at the expense of the policyholder without reporting the accident to the insurance company.
 - If the claim is not paid due to the exemption or cancellation of the accident report
 - If the car is repaired at its own expense after the accident report
- If the vehicle is not insured by the auto insurance company and is insured to the Taxi Mutual Aid Association, Truck Mutual Aid Association and Bus Mutual Aid Association etc. and compensated for damage of the vehicle from the automobile insurance cooperative.

The car history report should not be used as a crucial judging material for used car quality check because it is auxiliary information. Therefore, if you want to check the accuracy of used car quality, please get a diagnosis from a car diagnostic company.

What is Car History Service?

The car history information service is an online service that is provided based on automobile-related information that has been collected or collected by the Korea Insurance Development Institute since 1996 to increase the transparency of used car trading market and the activation of used car transaction.

The car history report should not be used as a criterion for identifying all accidents related to automobiles and used car quality check because it is auxiliary information.

The Korea Insurance Development Institute (www.kidi.or.kr) is an insurance rate calculation institution established under Article 176 of the Insurance Legislation, and the car history information service (www.carhistory.or.kr) is based on Article 86 (1) to provide.
